

# THE BRAINERD DAILY DISPATCH

Volume 10, Number 4.

BRAINERD, MINNESOTA, TUESDAY, JUNE 7, 1910.

Price Two Cents

## HAVE YOU FORGOTTEN YOUR FAVORITE LADY?

If so You have Two More Days of Dividend Week Left in which to Help Your Candidate Earn the 25,000 Extra Vote Dividend and the \$25.00 Savings Account.

### The Contest Closed Today

BERTHA MAHLUM with 97,530 votes  
Would win the Mammoth Prize, the \$1050 Buick, The Dispatch.  
BESSIE PAINE with 89,145 votes  
Would win the Capital Prize, the \$500 Stone Piano.  
KATHLEEN ROUNDS with 62,930 votes  
Would win the Grand Prize, the Beautiful Twin-Diamond Ring.

### The Winners

TODAY

Have you forgotten to subscribe for your favorite candidate? If you have not, do not delay any longer in so doing for you are causing her unnecessary anxiety and a loss of the 25,000 extra votes that are given as a bonus for every club of Five New Yearly Subscriptions this week. Bonus means much to the candidates and their success in this contest for the \$2500 in prizes the Dispatch is giving away. Also remember that there is a \$25 Savings Account to be given to the lady turning in the largest number of New Yearly Subscriptions this week. Wouldn't you hate when the final count is made by the judges to find out that your candidate lost this special offer by the lack of your subscriptions? Now is the appointed time. Don't put off until tomorrow what you can do today for tomorrow you may forget or maybe (let's hope not, anyway) tomorrow's sun will never rise to you.

**ARE YOU GETTING ALL YOU CAN**  
Are you candidates getting all the subscriptions you can? Are you getting all you are entitled to? You may think so but go over your list of promises and count the subscriptions you have gotten, the number of votes you have, then the number of votes the other candidates have and figure out for yourself if you have all that is your due.

Be like the lady who sent her first fifty-word letter to her who when she came to send it, found she had only forty-eight words in it, and finding out that she had to pay for fifty, schemed around quite a while for something to say that would convey some message in a two word sentence. After almost having given up in despair the inspiration came to her and she wrote "Fine weather," and then beamed in triumph as she realized that she was getting her full right under the telegraph night letter service.

Are you getting your full rights? If you are not do not give up in despair but scheme until the inspiration comes to you as it did to her with a little perseverance because that's all it takes to win success in

anything.

### THE WAY HE DID IT

A prosperous and well known traveling man in the east who has accumulated an estate worth several thousand dollars, tells of the method he pursued to save. His method was to put \$25 in the Savings Account every month in the year, regardless of what came or went. If he got hard up and needed a little money he would borrow it from the Savings account, giving his Savings Account a note on himself drawing ten per cent interest for the amount he drew.

These notes he made out for thirty, sixty or ninety days and paid them the same as any other financial obligation and the interest that had accrued on them. After four or five years, things going well with him in the business world, he increased his monthly savings account to \$50, continuing handling the sum he had deposited the same as before. Several times, he says, he got hard up and drew out nearly all the money he had in the account on notes given by himself, but he always succeeded in putting back what belonged in it. At the end of fifteen years he said he had accumulated in the account about \$10,000. However, \$5,000 of this is represented by notes that he owes the account for money borrowed to build a home. This is one more method. What is yours? Have you any?

If you haven't it is time to get one. The path to success is steep and hard to travel but it leads to wealth. Wealth means work and lots of it, yet for a few minutes of your spare time each day this week you may be able to win the \$25 Savings Account the Security State bank is going to give to some lady of the Northland. This is your opportunity to get started right. Don't pass it up. You may never have another. Figure it out for yourself and see what it will bring you if allowed to remain on deposit for ten years. It is worth your while. Think it over, and you will think it is.

(Continued on page four)

## SCHOOL BOARD HAS MEETING

Miss Hanson, Principal of the Harrison School Hands in Her Resignation

**FINANCE COMMITTEE REPORTS**  
Gymnasium and Auditorium to be Fitted up in High School Building

The school board met in regular session last night. All members were present.

The resignation of Miss Emma K. Hanson, principal of the Harrison school was accepted. She has accepted a similar position with higher pay in the Miles City, Mont., schools.

A representative of the Ashbaugh Painting Co., of Columbus, Ohio, was present and demonstrated the values of his paints, calcimines, etc. After a discussion the matter was referred to the building committee.

The report of Supt. W. C. Cobb for the month of May and June was accepted.

The teachers committee recommended that all present janitors be re-engaged at former salaries.

The financial committee's report on the quarterly statement of the treasurer, also on the sinking fund was accepted. They also reported as correct the books and accounts of the board secretary, Louis F. Hohman.

The matter of fitting up the room above the high school room to be used as a gymnasium and auditorium was referred to the building committee.

The request of George D. LaBar

### CARRIE CHAPMAN CATT.

Physician Says Suffrage Leader Is Out of Danger.

### MRS. CATT IS OUT OF DANGER

Suffrage Leader Recovering From an Operation.

New York, June 7.—Mrs. Carrie Chapman Catt, president of the International Woman Suffrage association, who recently underwent a serious operation, has been pronounced out of danger by her physician.

## SENATOR NELSON TALKS ON ALASKA

Sharply Criticises the Policy of Conservation.

Washington, June 7.—Senator Nelson sharply criticised the policy of conservation as practiced in Alaska. He said that territory had been "put in a strait jacket" by the withdrawal of the public lands.

The Minnesota senator was discussing the bill authorizing the president to withdraw from entry the public lands for public purposes, which he advocated. Senator Nelson said he desired especially that it should be understood that he did not mean to criticise either the present administration or the preceding one. He added that he thought congress was as much to blame as any one. Mr. Nelson's address followed a speech made by Senator Clarke of Wyoming, sharply criticising the bill.

The senator from Minnesota favored conservative action on the part of the executive in depriving the public of the opportunity to avail itself of the benefits of the public resources. He thought the present generation should have full access to these resources.

Mr. Nelson said that while he gave his adherence to a conservation policy he did so only when it was rational and conservative. He would have the public resources so administered as to afford the living generation the opportunity of the full and proper use of them.

Discussing the application of the conservation policy to Alaska, he dwelt upon the fact that except in the extreme southern part of that territory there was no timber, and that consequently the people were without fuel unless they were allowed to use the coal supply of that region.

"In face of the fact that there are valuable coal fields in various parts of the territory the people have not been given opportunity to use a ton of it, with the consequence that they are compelled to bring their fuel either from Australia or China or around the Horn from our Eastern states. Thus they are compelled to pay from \$12 to \$20 per ton when they ought to get it for \$2."

This is denounced as "conservation run riot."

### ASSOCIATION IS ENLARGED

Northern Minnesota Editors Extend Their Territory.

Glengarry Springs, Minn., June 7.—Thirty-five counties are now included within the territory covered by the Northern Minnesota Editorial association. At a business session of the organization, which held its annual mid-summer gathering here during the past three days, the limit was extended to include practically all of the state north of St. Paul.

Resolutions were adopted endorsing the action of the Northern Minnesota Development association, which met last week at Crookston and called for a reapportionment of the legislative districts of the state. It was also resolved that the Great Northern train service on the Sauk Center division is not up to snuff, and the editors will be constant in the efforts to secure an improvement.

### Costly Fire at Sioux City.

Sioux City, Ia., June 7.—Loss estimated at \$20,000 was caused by a fire that swept a portion of East Fourth street. Starting in the basement of E. O. Bortle's feed store the flames spread rapidly. People in the district were asleep and there were many narrow escapes.

### Drowning.

The popular belief that a drowning person rises to the surface three times is unfounded.

## NEARLY EIGHT HUNDRED MEN

Attend the Convention Being Held in St. Paul.

### DEVOTED TO ORGANIZATION

Opening Session of Meeting of Brotherhood of Locomotive Engineers and Firemen Taken Up With Routine Work—Four Cities in Contest for the Next Convention.

St. Paul, June 7.—At what was said by Secretary A. H. Hawley to have been the biggest meeting of the Brotherhood of Locomotive Engineers and Firemen ever held the 756 delegates who answered to roll call completed their first day's work at the Auditorium here. The sessions were devoted chiefly to the organization of the convention and the appointing of committees. The real work of the convention will probably not begin until the committee on constitution and bylaws makes its first report on the proposed amendments.

Out of respect to Mrs. Leach, wife of the founder of the order, who died Sunday night while on her way to attend the convention, the afternoon session adjourned at 4:30 instead of 5:30. The funeral and interment of Mother Leach will be held at Sedalia, Mo., and the appointment of a committee of the convention to attend the services will probably be the next business transacted.

Communications from several cities relative to getting the next convention in 1912 were among the correspondence read. Washington, St. Louis, Mobile and Omaha will all make an effort to obtain the delegations. The decision of the convention will not be known till later.

The filing of several appeals with the committee on appeals, which included a large number of beneficiary claims, and the opening address of President W. S. Carter composed the principal other business of the afternoon session.

The opening address of welcome at the public reception, to which the evening session was given over, was made by Bishop J. H. Lawler.

### Governor Eberhart Speaks.

Governor Eberhart, who was next introduced on the programme, spoke of the great significance which the work of the convention has for Minnesota workmen and for all of the laboring classes in general. On behalf of the state of Minnesota and of the cities of St. Paul and Minneapolis he then welcomed the delegates.

Mayor-elect Herbert P. Keller was next called upon by Mr. Hawley, who acted as chairman.

J. A. Newman, first vice president of the Order of Railway Telegraphers, told of the close relationship between his own order and the one he was addressing, and looked for a still closer co-operation between the two.

The conditions in English trade circles and the work of the British Associated societies were graphically told by Albert Fox of Leeds, England, general secretary of the associated society of L. E. and F. of Great Britain.

W. E. McEwen, state labor commissioner, opened his remarks by saying he had come 7,000 miles from Vienna to be one of the speakers before the convention, and after telling the delegates that he was himself a union member, he described some of the results of his study of labor conditions abroad.

Patrick Fennel, famous country over under his pen name of Shandy McGuire, was one of the most interesting of the speakers, in his story of his experiences as a writer.

Mrs. Georgia M. Sargent, grand president of the ladies' society of the order, gave a brief resume of the growth of the sister body, and urged more co-operation on the part of the men.

In making the closing address of the long programme President Carter thanked the speakers and replied to the donor of a token from the British Isles, that it was not a gift to him personally, but to the whole American labor world.

The benediction was pronounced by Dr. Robert Christie of the House of Hope church, and the audience fled out to the music of the orchestra.

### Woman Killed by Train.

Sioux City, Ia., June 7.—A honeymoon of three days' duration ended in a horrible manner at Arion, Ia., when Mrs. Frank B. Sherwood, aged twenty-eight, was killed by the Milwaukee station engine near the Milwaukee station. She was running to get on a Milwaukee train and did not hear the advance train on the Central. All the cars passed over her body. Her husband, to whom she had been married but a few days previously, was a witness.

### JOHNSON SENT TO PRISO

Gets Seven Years for Shooting H Wife.

Ispwich, S. D., June 7.—John A. Johnson, convicted of shooting his wife with intent to kill, has been sentenced to seven years in the penitentiary. After Johnson's conviction an attempt was made to prove him insane. Several physicians testified that he was mentally incompetent and should be sent to an insane asylum instead of the penitentiary, but the commission on insanity found him sane and the sentence followed.

### MAYOR EMIL SEIDEL.

Minority Delays Action on One of His Appointments.

### HOLD UP AN APPOINTMENT

Republicans and Democrats Balk the Mayor of Milwaukee.

Milwaukee, June 7.—By a party vote the Republican and Democratic minority in the common council held up an attempt by Mayor Seidel to appoint Harry E. Briggs as one man commissioner of public works with a salary of \$6,000.

Mr. Briggs was appointed on April 19, it being generally understood that the selection was a temporary expedient, pending the finding of an expert. It was considered in the same light as the appointment of Walter Stroesser as health commissioner.

Alderman Cornelius Corcoran, Democrat, former council president, was on his feet the moment the committee recommendation for confirmation was read and moved that action be deferred for two weeks to give the aldermen an opportunity to investigate the qualifications of the appointee. He said that, inasmuch as Mayor Seidel did not intend to make his appointment of one month ago permanent, he had not taken time to investigate the fitness of Mr. Briggs.

Alderman L. A. Arnold, Socialist, made a plea for immediate action.

On the roll call all the Democrats and Republicans present voted against the Socialists. The final result was 10 to 23. The minority needed but seven votes to defer action.

## SENATOR CLAPP REMAINS SILENT

Declines to Comment on Story in New York Paper.

Washington, June 7.—Senator Clapp refused to make any comment on the article printed in the New York Tribune in which it was intimated that the Minnesota senator had entered into collusion with Senator La Follette and Representative Miller of Duluth to secure the passage of an Indian bill under which it was alleged A. W. Sanborn, a Wisconsin supporter of Mr. La Follette, would have derived some profit.

The article is full of insinuations, but makes no direct charges. It refers to the measure, which it discusses as a bill relating to the affairs of the Bad River Indians in Wisconsin.

The bill in question is entitled, "A bill for the settlement of conflicting claims of the state of Wisconsin and its grantees, and the Lapointe and Lac Du Flambeau bands of Chippewa Indians, to certain school and swamp lands in the reservations of said Indians in Wisconsin."

The bill provides that these claims, which are now being adjudicated in the courts, shall be adjusted by officers of the interior department.

It is pointed out in the Tribune article that Indian Commissioner Valentine, when informed of the provisions of the bill, withdrew an endorsement of it, that he had filed with the senate committee on Indian affairs.

When seen Commissioner Valentine said he had withdrawn his approval of the bill, not because there was anything irregular in it, but because he wanted a decision by the courts on the claim in controversy, preferring such a decision to a settlement by administrative officers.

"There is nothing irregular with the bill," said Commissioner Valentine, "so far as I know."

The Tribune referred to a "joker" in the bill which is the provision, it is alleged, which would have enabled Mr. Sanborn to collect a fee from the Indians if the trouble between the tribe and the state were settled out of court. The bill was reported from the house Indian committee by Representative Miller.

### The Garden.

The garden must be mellow, rich and kept clean. This is the inside secret of successful gardening.

## CONFERENCE AT WHITE HOUSE

### FRED RINKER GETS AWAY

Escapes From Officer by Jumping From Train.

Bismarck, N. D., June 7.—Fred Rinker, known as the "millionaire kid," escaped from Deputy Sheriff Barnes at Mandan after having been arrested at Miles City, Mont.

Rinker has had a spectacular career. Working in a local hotel as a bellboy, he announced last winter that an uncle at Crookston, Minn., had died and left him a fortune of \$25,000. Later the story was proved to be without foundation and the theft of a case of cigars from the Northern Pacific freight office was traced to him, but not until he had left the city.

He was captured at Linton while working with a survey crew and lodged in the county jail to await trial, but escaped in company with a former convict. He was arrested at Billings and was being brought to Bismarck when his second escape was made.

While handcuffed he jumped through a window. He then went to the Northern Pacific shops at Mandan and told a story of being held up and handcuffed by tramps. Employees in the shops cut the chains between the cuffs and Rinker thanked them and stated that he was going to the police to have the cuffs unlocked.

This was the last seen of him and a reward of \$250 has been offered for his arrest.

### HOPE JOHNSON WILL WIN

Boston Clergymen Want Negro to Whip Jeffries.

Boston, June 7.—While Boston clergymen are against the Jeffries Johnson fight some of them say that if there must be a fight they hope that Johnson will win.

Rabbi Charles Fleischer, one of the leading Jewish divines in this country, follows Rev. Courtland Meyers in his wish that, so long as one man must win, that man be the negro.

Rabbi M. M. Eichler, of Synagogue Ohabei Shalom, also a distinguished Jewish clergyman, is equally strong in his support of "Lil Artha." Dr. Fleischer said:

"I hope they both lose. However, as long as one of them will have to win, I hope it will be the black man. I hope that the knockout blow which Jack Johnson may deliver will be a knockout also to the racial feeling which has been stirred up by this contest."

"I agree with Dr. Courtland Meyers of Tremont temple in hoping that the negro will knock out that prejudice and feeling."

Sheep—Native, \$3.25 to 5.40; yearlings, \$6.00 to 7.40; lambs, \$5.25 to 8.50.

## Stops Government Suit Against Western Railroads.

### WILL NOT INCREASE RATES

Railroad Companies Agree Not to Raise Freight Tariffs Until the Bill in Congress, Which Gives the Interstate Commerce Commission Power to Investigate and Suspend Increases That Are Not Justified, Becomes a Law and Goes into Effect.

Washington, June 7.—A complete agreement between the government and the recently enjoined railroads of the Western Trunk Line association was reached at a White House conference which lasted for more than four hours.

The railroads represented agreed to withdraw all rate increases filed, to be effective on or after June 1, and agreed to file no more increases until the bill in congress, which gives the interstate commerce commission power to investigate and suspend increases that are not justified, becomes a law and goes into effect.

President Taft thereupon stated the administration's purpose in bringing the injunction suit had been accomplished and the suit would be discontinued. The discontinuance will not be entered, however, until after the new railroad law is signed.

The belief was expressed that all of the other railroads of the country which have filed increased rates or have had such a plan under consideration will abide by the agreement reached with the twenty-four railroads named as defendants in the recent suit.

There will be another conference at the White House, in which President Brown of the New York Central railroad, President McCrea of the Pennsylvania and other officials representing railroads in the Eastern and Central territory will participate.

**Will Not Increase Rates.**  
That they will acquiesce in President Taft's proposition and hold up the proposed increases until after the new law becomes effective is practically taken for granted here.

Every one connected with the conference seemed gratified over the outcome. All that President Taft has desired is that the interstate commerce commission should have authority to investigate increases in rates to determine whether or not they are justified by prevailing conditions and are just to the shippers. This power is to be conferred under the new law.

The railroads, on the other hand, it is pointed out, are to be relieved of embarrassing litigation, are assured of a "square deal" when their case is presented to the interstate commerce commission, and are free to resume the contracts for improvements and extensions which they threatened to cancel had the court proceedings continued.

The new railroad bill contains a clause which gives it effect sixty days after being signed by the president. It will be necessary to make the provision as to the supervision of rates by the interstate commerce commission immediately effective, and for this reason, as President Taft indicated, it will be necessary to send the bill to conference.

President Taft summoned Attorney General Wickersham, Secretary of State Knox, Secretary of Commerce and Labor Nagel and Chairman Knapp and Mr. Lane of the interstate commerce commission to the conference.

The rate increases specified in the injunction suit against the railroads in the Western association did not cover all of the increases that had been filed with the commission. The railroads, however, agreed to withdraw all the increases that had been planned for June 1 or after. There have been a number of increases put into effect during the past few months. These will not come in under the agreement.

**Crippled Child Drowned.**  
St. Paul, June 7.—A pretty bluebell, lying in a cluster of honeysuckles on the side of a steep embankment along the Mississippi river in St. Paul Park—a pretty bluebell that danced in the soft winds and sirenlike invited a crippled child to pluck it—caused the death of Sarah Oas. Leaning over a huge rock she lost her balance, fell down the hill and was drowned.

**Horse-thieves at Work.**  
Lemmon, S. D., June 7.—Horse-thieves have been operating with some degree of success in this vicinity. Thieves entered the barn of Sherman & Nighbert and stole two valuable horses. The animals were found in a pasture two miles from the town by Deputy Sheriff Goodhue, but the saddles were missing. The same night three horses were stolen from Bert Moon, a freighter, as he was camped on Grand river.

**Prohibition Leader Killed.**  
Marshalltown, Ia., June 7.—W. D. Elwell, former chairman of the state prohibition central committee and widely known in Chicago and Northwestern passenger train while walking from this city to La Moille.

## A NEW LIGHT PROPOSAL MADE

M. D. Stoner and Associates Make the Water and Light Board Proposition for Consideration

### STEAM POWER ON START

Rate is Somewhat Higher than Offered by Little Falls Parties, but Difference Explained

M. D. Stoner, of Bemidji, who has associated himself with western capitalists and who have acquired the Crow Wing water power site owned by Judd Wright, has made the city through the Water and Light Board a proposition to furnish light and power. The plant to start with would be operated by steam and later the power would be brought from the dam to be built on the Crow Wing river. The parties interested consider that they could install their steam plant within four months and that that would be used until the dam could be built and other work completed on the Crow Wing which would take about a year. If the proposition is considered favorably it is the intention of the gentlemen to keep the steam plant in readiness after the water power is available for use as an auxiliary in case of accident or other emergency. The following is a copy of the proposition as submitted:

Bemidji, Minn., June 6th, 1910.  
To the Hon. Board of Water and Light Commissioners, Brainerd, Minn.  
Gentlemen:—

Having recently purchased from Mr. Judd Wright and others, all the land controlling the water power site on the Crow Wing river below the mouth of the Gull, and having associated with me parties with ample means to construct a first class Hydro Electric Power plant on said river, I therefore deem it advisable at this time to appraise you of our plans. Especially so because I am informed that you are having some preliminary engineering work done with a view of being advised as to the best and cheapest way to supply your city with current.

In order that your engineer may therefore consider our proposition together with his other plans of producing current and report on same, we find this situation rather forced upon us before we have completed our organization and other details, however on behalf of my associates I will state that we would like to sell you at your switchboard, all the necessary current you will need for lighting purposes.

As it would be necessary, if I understand the situation in your city, to put in an adequate steam plant at an early date to generate the current until such time as a dam and power plant could be constructed.

I would therefore make a proposition of furnishing you with all the current you shall need for lighting purposes for the flat price of 4 cents per K W for the first year and 3 cent thereafter for a period of 15 years. We would be obliged, of course, to ask for a reasonable time in which to construct and place in operation a good steam plant.

I understand that the above permanent rate is in excess of a rate which has been made you by outside parties but I wish to call your attention to the all important fact that in the proposition submitted you would have a 25 to 30 mile transmission line and that you would be obliged to take your chances with the elements or any other cause of accident, beyond their control, which may cut off the current at any time and leave you in darkness until repairs are made, while on the other hand we would only have 1-3 the chance for line trouble and in any case would always have a steam plant in readiness to start up on short notice.

I shall not at this time go into detail about the great importance of having more than one source of supply of current and the innumerable inconveniences and actual losses the city and its patrons would sustain if the electrical supply was uncertain and entirely at the mercy of one long transmission line with no auxiliary steam plant at either end.

I feel confident that after giving our proposition due consideration you will readily see that the more certain and continuous service you will have would be well worth the difference in price.

As to the cost of producing current by your own steam or gas power I only have to say that, while ideal plants running a fairly constant load, could produce current at perhaps the same price as I have asked, with an engineer well knows that, with a city lighting load which taxes your equipment for perhaps 2 to 4 hours and shows a high efficiency and then drops down to about 10 per cent of the peak load for the rest of the night, the plant will necessarily show up an average of the poorest kind of efficiency. Therefore I am safe in saying that after all things, such an interest on a large investment depreciation of machinery, repairs and other risks and expenses are considered it is not the history of well regulated and economically installed plants to produce current as low as 3 cents.

But even if you could produce for that you certainly could not sell it

## Straw Hats Ready

Don't wait for a torrid wave to remind you uncomfortably that Straw Hat time is here.

There's always a big rush for Straw Hats when the first real hot days come upon us.

Select your hat early, the picking is particularly good now, the best styles go first.

There are a variety of good styles this season, Split Straws, Sennets, Milan Braids and Panamas, **50c to \$5.00.**

Our straw hats are selected styles are made upon honor by people we know all about.

**McKibben Hats Crawford Shoes**  
**Bye & Peterson**

for that while we would expect to sell current for power purposes for less money and would work with you in every way we could to encourage industries to come into your city and help build up a large city which no doubt is the ambition of each of you gentlemen.

I shall respectfully ask your careful consideration of this proposition; and submit it to the Hon. City Council at your earliest convenience.

**FILED SPECITL CAR**  
What the Crookston Times of June 4th Said About Brainerd Delegation

The Crookston Times of June 4th has the following complimentary reference to the Brainerd delegation which attended the Northern Minnesota Development Association and secured the next convention for Brainerd:

"The Crow Wing county delegation, with booster attachments, arrived this morning from Brainerd, their special M. & I. car being attached to the train from Duluth, at Bemidji. They are all enthusiasts and everyone knew they were in town. N. H. Ingersoll was telling everyone what a fine city of 10,000 Brainerd is, and their splendid hotel facilities, the central location advantages it has, and its excellent railroad facilities. They also told of the new government building going up, the \$400,000 being expended in the new iron foundry, and the other special reasons why the next session of the convention, in December, should be held in Brainerd. They are a bunch of live ones and included the following: C. D. LaDue, attorney and F. L. Hill, a banker, of Pine River, and the following from Brainerd: A. J. Trommald, register of deeds; W. H. Gemmell, general manager of the M. & I. R. R.; Carl Zapfe, C. A. Albright, attorney; G. S. Swanson, attorney; Louis Knudsen, civil engineer; John Krekelberg, F. A. Farrar, cashier 1st National bank; Con O'Brien, J. M. Elder, N. H. Ingersoll, editor of the Brainerd Dispatch; A. M. Opsahl, C. D. Johnson, George A. Keene, Fred Gruenhagen, Iver Benson, Howard Paine."

## ASKS BETTER STREET APPROACHES

Council Will Ask County Commission for \$1500 to Improve Street Approaches

CITY PAY ROLL ALLOWED

M. D. Stoner of Bemidji, Addresses Council in Regard to Furnishing Light and Power

The council met in regular session on Monday evening. Aldermen Cardle, Paine, Zakariasen, Gardner, Kjellquist, Dieckhaus, Drexler and president of the council Tim Twohey were present. Aldermen Henning and Robertson were absent.

On motion the reading of the minutes was dispensed with.

The application of W. T. Larrabee for a liquor license, at 504 Front street was read. The license committee reported they had held a public hearing and that no complaints having been made at such hearing against Mr. Larrabee, they accordingly made a favorable report.

The council thereupon took a vote on the question and the license was granted, the one dissenting vote being that of Alderman Kjellquist.

The report of the municipal clerk V. N. Roderick, for the month of May was read as follows:

Number of arrests in city cases... 16  
Number paid fines in city cases... 5  
Number committed without paying fines... 2  
Number sentences suspended... 7  
Number discharged after hearing... 2  
Amount of fines collected... \$133.00  
Amount of mortgage fees collected... 5.46  
Amount court fees collected... 26.85

Total collections... \$165.25

The report of the city clerk, V. N. Roderick, for May was read as follows:

RECEIPTS.

10 per cent liquor licenses... \$190.00  
Transferred from Current Expense Fund to Revenue Fund Accounts, alley crossings and approaches on Oak street... \$1,000.00  
Dog tax... 37.00  
Court fines... 133.00  
Mortgage fees... 5.40  
Court fees... 26.85  
Refunded by A. J. Halsted account overcharge printing... 400.00  
Liquor licenses... 900.00  
2 per cent daily balances... 42.49

\$2,644.74

DISBURSEMENTS

Library fund... \$108.18  
Lateral sewer "L"... 13.50  
City expense... 554.06  
Police... 499.76  
Fire... 401.31  
Streets and bridges... 364.10  
Transferred to revenue fund... 1,000.00

Laurel street paving... 10.00  
Oak street paving... 1,377.18  
Crusher repairs... 59.41  
Steam roller repairs... 31.86  
S. 7th street paving... 12.10  
N. 9th street paving... 2.10  
N. 7th street paving... 9.00

Total disbursements... \$4,442.56

On motion the report was accepted.

Alderman Zakariasen, of the water and light committee reported regarding the extension of four inch water mains on Oak street between Ninth and Tenth streets. As only three houses front on this territory he said the committee preferred having the extension made to the intersection of Pine and South Tenth streets. Motion carried that this change be requested of the water and light board.

The resignation of A. Mahlum, the newly elected assistant assessor, was read and accepted.

The finance committee, W. F. Dieckhaus and C. H. Paine in a report dated June 6th, stated they had checked the treasurer's report and found the same correct with the following amounts on hand:

Current expense... \$4,915.80  
Electric light... 21,119.96  
Revolving fund... 53.93  
Miscellaneous... 2,616.84

\$28,706.53

On motion the report was accepted.

The report of the street committee, Aldermen Paine, Zakariasen and Dieckhaus was read and accepted. In a detailed report they gave a good account of work completed or being carried on by the city.

Alderman Drexler and Kjellquist reported regarding the extension of the main sewer to Oak street. They recommended that such extension be not made at present. On motion the committee's report was accepted and the recommendation concurred in.

Under bills and claims the following pay rolls were allowed:

City officers... \$301.56  
Police department... 380.00  
Fire department... 145.00  
Firemen... 60.25  
Street employees crushing rock... 164.72  
Grading North 7th street... 108.66  
Grading south 7th street... 91.00  
Paving Oak street... 148.16  
Crushing rock on Oak street... 406.62  
General street work... 61.60

The bill of James Smith for boarding prisoners for the months of April and May was allowed.

The bill of J. F. Vaughn for \$67.66 and the Kalucha bill were referred back to the street committee.

The water and light board bill of water for May was allowed, \$150, also the bill for current, \$166.32, for lighting bridges, hose house and city department.

Alderman Henning in attendance at the machinist meetings in St. Paul and Alderman Robertson in attend-

ance at the federal court in St. Paul were allowed two month's leave of absence.

Alderman Zakariasen reported some walks on south Oak street as being four inches below the curb grade. City Attorney M. E. Ryan said the city engineer being bonded was liable for mistakes.

The building owned by George Donant in Northeast Brainerd was reported to be in bad shape and surroundings should be protected to save pedestrians from injury.

The bonds of Slipp-Gruenhagen Co., sewer contractors and the city clerk were approved.

The assessment roll levied to defray the expenses of setting the curb on north Seventh street from Juniper street to the south line of Bluff avenue was adopted. The improvement is assessed against the abutting property owners which include the Episcopal church, A. G. Trommald, W. A. Fleming, W. L. Graham, Geo. W. Brown, First National bank, C. W. Holland and others. The Episcopal church was assessed at \$81, Wm. Graham, lot 24, block 68, one hundred and fifty feet, \$40.50; and lot 7, block 196, Geo. W. Brown, assessed at the same figure. The rest of the lots are each assessed at \$6.75.

The motion carried that the street committee meet the county commissioners and request the donation of \$1500 for approaches to roads on Sixth street, 13th street and in N. E. Brainerd.

City Clerk Roderick stated that 104 have paid dog taxes to date. This brought up a discussion as to ways and means necessary to enforce the balance of the collections. It was decided to order ordinances Nos. 21 and 150 published in so far as necessary to enforce tag collections. These state that a ten day sentence or ten dollar fine will be meted out to a delinquent dog owner.

The speed of automobiles was informally discussed. Alderman Cardle stated that the car that ran over his defunct dog was traveling over 10 miles an hour.

The request of the Brainerd Improvement Co. regarding sewer connections was granted, also its request regarding curbing.

The petition for a lateral sewer, was referred to the sewer committee. Some paving matters on Seventh street north were referred on motion to the street committee.

The wheels of the light hose wagon were ordered repaired.

T. E. Martin and Joseph Selleck made application for the position of poundmaster.

O. B. Hamline was elected building inspector by the unanimous vote of the city council.

The poundmaster contest proved exciting. Four ballots were taken, each had three for Selleck and five for Martin. As there was no majority for either party the matter was laid over to the next meeting.

(Continued on page four)

## New Automobile Coats

We are just in receipt of a large selection of automobile coats. These are of linen and cotton materials and are just the thing for autoing. They protect the garments from dust and are a comfortable weight. We have a full assortment of sizes today and a good lot of colorings. Prices from \$4.50 to \$10.00.

## WANTS CITY TO BUY CURRENT

Commercial Club Directors Hold Meeting Monday Night on Consider Light Question

LITTLE FALLS SCHEME FAVORED

Resolutions are Adopted Urging the Water and Light Board to Accept Little Falls Proposition

The board of directors of the Commercial club held a meeting last night.

A great deal of attention was paid the rumor said to have originated in Little Falls that Northern Pacific officials had stated that the Northern Pacific railroad company could not furnish the city current, light or power, after September 1st.

A motion carried to appoint a committee of three to confer with the water and light board of the city relative to the situation in Brainerd. This committee consists of A. J. Halsted, president of the commercial club, Dr. Walter Courtney, chairman of the public improvements committee, and W. H. Gemmell, chairman of the public affairs committee.

The Little Falls resolution as it is popularly known, was introduced and adopted. It reads as follows:

Whereas, It has been brought to the notice of the Commercial Club of Brainerd that, since the recent loss of the electric light plant at the dam, the Power and Light company of Little Falls, has made a proposition to the city council of Brainerd to deliver electric current, regardless of amount, at the city limits of Brainerd for lighting and power purposes at rate of 2½ cents per kilowatt for a term of ten (10) years, and

Whereas, In order that the City of Brainerd may produce its own power and light a very large investment in a steam, gas or water power plant will be necessary, the costs of maintenance, operation, depreciation and fixed charges on which will amount to a considerable sum per annum, and

Whereas, There is grave doubt as to the ability of the city to produce electricity by means of a steam operated plant at anywhere near as low a rate as that above named, considering the fluctuations in cost of fuel, labor, etc., and

Whereas, It would require anywhere from six months to a year to investigate the advisability of the construction of a municipal plant and build the same, during which time the consumers will have to pay an increased rate while the city is buying power from the Northern Pacific railway company (with the uncertainty of its ability to furnish all the current the City may require, to say nothing of street lighting, until the question is finally disposed of), added to which is the further disadvantage to the City from smoke caused by additional consumption of soft coal within its limits.

Now Therefore, Be it resolved that it is the opinion of this club that the City Council should seriously consider the offer of the Power Company of Little Falls and, unless assured beyond reasonable doubt that the City can manufacture electricity by any method for less than 2½¢ per kilowatt hour, accept said proposition without delay, securing, if possible, an option to renew the contract for a further term of ten (10) years, at the same rate, if desired.

Be it further resolved that a Committee of three be appointed by the club to present these resolutions to the city council and ask that they receive its careful consideration.

## HUNDREDS KILLED IN EARTHQUAKE

Contest Closes  
**WEDNESDAY**  
June 29, 1910

### HAVE YOU FORGOTTEN YOUR FAVORITE LADY

(Continued from page 1)

#### DIVISION BY DISTRICTS.

In order that the competition and prizes may be more equally divided, the field covered by The Brainerd Dispatch has been apportioned into five prize districts.

#### DISTRICT NO. 1

Comprises all the territory south of the N. P. tracks and west of Broadway including the west side of Broadway. The lady receiving the highest number of votes in this district, after the Mammoth Capital and Grand prizes have been awarded, will receive one of the \$60.00 scholarships. Second highest, one of the \$25.00 watches.

Gertrude Peterson	62506
Dollie Mahlum	30654
Catherine Bone	4358
Emma Whitford	3091
Stella McCauley	649
Mamie Peters	500
Olive Lagerquist	500
Rose Ludwig	500
Margaret Hoerner	500
Esther Bellmuth	500
Annie Benda	500
Eleanor Baker	500
Myrtle McDonald	500
Blanche McQuillan	500
Flossy Bacon	500

#### DISTRICT NO. 2

Comprises all the territory north of the N. P. tracks and west of the Ravine that divides Brainerd from Northeast Brainerd. The lady receiving the highest number of votes in this district after the Mammoth Capital and Grand prizes have been awarded, will receive one of the \$60.00 Scholarships; second highest will receive one of the \$25 watches.

Bertha Mahlum	97530
Bessie Paine	89145
Kathleen Rounds	62930
Mrs. E. S. Koop	500
Mamie Cullen	500
Mae Jones	500
Mildred Wood	500
Hilda Slipp	500
Maud Williams	500
Eunice Parker	500
Marie English	500
Hazel Treglawney	500
Mabel Smythe	500
Mabel Harmon	500
Gene Brady	500
Mildred Skauge	500

#### DISTRICT NO. 3

Comprises all the territory east of the Ravine dividing Brainerd which is known as Northeast Brainerd.

Evelyn Pirie	39665
Aletta Saltee	32432
E. Mae Warner	2660
Maud Wilson	550
Mrs. William Betts	500
Mrs. C. W. Koering	500
Caroline Barron	500
Ida Swartzkopf	500
Mrs. Wm. Twohey	500
Arline Swanson	500
Ethel Otis	500
Maud Whitney	500
Planche Lain	500
Clara Schultz	500
Lina Heller	500

#### DISTRICT NO. 4

Comprises all the territory east of Broadway and south of the N. P. tracks, including the east side of Broadway. The lady receiving the highest number of votes in this

district after the Mammoth Capital and Grand Prizes have been awarded will receive one of the \$60.00 Scholarships. The second highest, one of the \$25.00 watches.

Lulu Huseman	23185

Mrs. A. Q. Parker, Crosby	565
Mrs. J. Palmer, Deerwood	500*
Mrs. F. Moore, Deerwood	500*
Ella McGarry	500*
Anna Anderson	500*
Emma C. Austin, Penot	500*
Ethel Porter, Crow Wing	500*

In case of a tie vote between any two or more Contestants, The Brainerd Dispatch wishes to announce that the prize their vote ties them for will be divided equally among them, or in any manner that said Contestant may agree upon that is satisfactory to each and all of them.

### FAVORS BETTER

#### STREET APPROACHES

(Continued from page three)

No action was taken relative to the election of an assistant assessor.

The matter of satisfactory straightening out the curbing question was referred to the street committee. This is near Rev. C. Hougstad's church.

Ritari Bros. wished to know what proportion of sand and cement they were to use and if they were to be governed by the old specifications. The council decided the old specifications held good.

The council was invited to attend the laying of the cornerstone of a municipal building in Des Moines, Iowa.

In conclusion just before adjournment M. D. Stoner of Bemidji, addressed the council stating he had bought of Judd Wright the Crow river dam site and wished to submit to the city a proposition to furnish light, power and current. A letter to that effect had been filed with the water and light board in the afternoon. Mr. Stoner stated his company was not yet incorporated. He wished to bring the matter to the consideration of the council and President Twohey appointed a special committee. Aldermen Paine, Gardner and Dieckhaus to confer with Mr. Stoner regarding the matter.

On motion the council adjourned.

## CRYSTAL Domino SUGAR

2lb AND 5lb SEALED BOXES

IMAGINATION COULD NOT CONCEIVE OF A HANDIER AND PRETTIER FORM THAN THAT WHICH IS PRESENTED IN CRYSTAL DOMINO SUGAR. NEITHER COULD THE MOST PARTICULAR PEOPLE ASK FOR MORE PERFECT PURITY, NOR ECONOMICAL PEOPLE FOR LESS WASTE.

SOLD BY GROCERS EVERYWHERE!

### Why "White-leaded?" Means more than "Painted"

If all paint were made of pure white lead and pure linseed oil, the term "paint" would mean what most people think it means.

But as all paint is not so made, it is necessary to say: "I want my house 'white-leaded.'"

Why?—Because white lead paint, mixed at the time of painting to fit the requirements of the surface covered, penetrates the surface with minute tentacles, clings to it, and forms a tough elastic film on the outside which disintegrates slowly, uniformly, smoothly, evenly. That is—it doesn't scale or chip.

This paint is durable—it postpones repainting day, and never needs the steel scraper or gasoline torch before a new coat can be applied.

Buy or specify

### Red Seal

pure white lead ("Dutch Boy Painter" trade mark) for all general painting.

Then your house will be preserved and decorated.

Any tint may be made with pure white lead paint, and the tints are permanent.

Ask for our "Dutch Boy Paint" and you will get the genuine help on operation.

### Many Women who are Splendid Cooks

dread having to prepare an elaborate dinner because they are not sufficiently strong to stand over an intensely hot coal range. This is especially true in summer. Every woman takes pride in the table she sets, but often it is done at tremendous cost to her own vitality through the weakening effect of cooking on a coal range in a hot kitchen.

It is no longer necessary to wear yourself out preparing a fine dinner. Even in the heat of summer you can cook a large dinner without being worn out.

## New Perfection Oil Cook-stove

Gives no outside heat, no smell, no smoke. It will cook the biggest dinner without heating the kitchen or the cook. It is immediately lighted and immediately extinguished. It can be changed from a slow to a quick fire by turning a handle. There's no drudgery connected with it, no coal to carry, no wood to chop. You don't have to wait fifteen or twenty minutes till its fire gets going. Apply a light and it's ready. By simply turning the wick up or down you get a slow or an intense heat on the bottom of the pot, pan, kettle or oven, and nowhere else. It has a Cabinet Top with shelf for keeping plates and food hot, drop shelves for coffee, teapot or saucepan, and even a rack for towels. It saves time, worry, health and temper. It does all a woman needs and more than she expects. Made with 1, 2, and 3 burners; the 2 and 3-burner sizes can be had with or without Cabinet.

Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

### WE ARE READY TO SHOW

you how it is cheaper to buy our high class building materials than it is to purchase the poorer kind. We can point to buildings built with our materials that never need repairs. We can point to some others that need repairs all the time. But they were not built of our materials. See where real cheapness lies?
